## An amazing Summer holiday offer for Camelot Children. Please read and respond.

Camelot School is the only Primary School in Southwark to be offering their children an amazing Summer Holiday Provision as part of Southwark's Festival of Food and Fun. The reason we think it is so amazing is because it's.....

The Holiday Provision will run every day from Monday 20th July to Thursday 20th August from the Rio Hub on Green Hundred Road. The amazing offer includes:

- Up to 4 hours of activity every day... "to get our children physically active again"
- A daily free hot meal cooked on site by amazing chefs (this free meal does not impact on your receipt of Free School Meal vouchers through the holidays and is therefore an additional provision for our children... absolutely amazing!)
- Weekend cooking workshops delivered online with ingredients provided to all participating children each week (more free food.. more amazing!)
- Free books for your children delivered through the National Literacy Trust

What do you need to do to sign up for one of the limited places on the Camelot School Holiday Provision?

- ♦ Follow the signing up details to be listed on the flyers that will be sent out from Wednesday 1st July.... copy overleaf including the phone number 07931616456
- ♦ Please note places will be offered on a **first come first served basis**
- ♦ Priority will be given in the first week (signing up until Friday 10th July) to Camelot School pupils. After this date, places will be offered to other schools.

## Free School Meal Vouchers... now across the summer holidays

Any parent/carer who thinks their child might be entitled to receive this significant weekly voucher which has been extended for the summer holidays (that's up to £90 of free food vouchers) is requested to urgently contact Miss Raven on [office@camelot.southwark.sch.uk](mailto:office@camelot.southwark.sch.uk) to complete the necessary forms to qualify for this payment. **Action: Priority**

# Welcome

## Welcome to Lambeth and Southwark's Summer of Food and Fun programme 2020.

These are some exceptional times right now, and it is heartening to see our communities come together in support of one another.

With the summer holiday right around the corner, we recognise that this period can be a challenging time for some families, which is why we are determined to ensure that everyone has a happy, memorable break.

The Mayor's Fund for London is delighted to be teaming up with Lambeth and Southwark Councils to bring you a fantastic extended programme of holiday food services and fun activities this year. This will include food education, arts and crafts, theatre, plus a wide range of physical activities.

We hope this brochure helps families and young people to access new opportunities, make new friends and learn new skills.

The Lambeth and Southwark's Summer of Food and Fun will be delivered in partnership with our Kitchen Social programme.

From Wednesday 22 July until Wednesday 2 September, young people and families will be able to access a

regular source of free nutritious meals over the summer, whether at your local holiday club or at home, and join an array of community activities including sports, theatre, arts and crafts and cooking.

In the event of continued lockdown, young people will be able to access a wide range of specially designed remote activities, which will include educational support.

We encourage everyone to get involved during the summer and to try new things.

To download an online version of this brochure and take part in the programme, you can sign up via [summeroffoodandfun.org.uk](https://summeroffoodandfun.org.uk).

Have a safe and enjoyable summer!

Southwark's only school offering their children free holiday provision this summer....

# Never before...

Putting children's safety first and  
reducing vehicle traffic around  
schools in Southwark

Bird in Bush Road has  
been pedestrianised...  
brilliant news!

**This pedestrianisation is  
a COVID19 traffic  
calming measure.**

The school hopes it will be both a success and further extended to include the whole length of the school's front on Bird in Bush Road. Please do not ignore these measures by driving into the area outside the Nursery gate. Thank you

# The most extraordinary months in our lifetime

March—July 2020 will always be remembered for an event that none of us have ever experienced before and which many of us have tried to explain to our children. “You’ve been in Lockdown before haven’t you, Dad?” “No, honestly, this is something we have never experienced before”.

## **This is how we have reacted at Camelot School:**

- Introduced an online classroom for daily lessons for all our children (Nursery through to Year Six without missing any child)
- Lent out 50 school computers to support children accessing computer based work
- Offered IT support so all children can overcome login problems to get online
- Developed our online classroom through offering a varied curriculum including the introduction of an exciting, relevant Black History enriched curriculum in June 2020
- Supported all our families in whatever way we could, including the greatest success in helping over 30 of our children being registered for Free School Meals Vouchers
- Never shutting the school through the most difficult months of March and April to provide school places where these were needed
- Providing school provision during these months for children from other local schools
- Re-opening classes in the government’s target year groups (N, R, Yr 1 & 6) as well as extending the Camelot only offer for other year groups (Yr 2 & 5)
- Worked with Southwark Council and the London’s Mayor Fund to be able to offer all children from Camelot a free summer holiday provision and more free food!

Surely we can add... remained true to our vision... exceptional everyday!

## **No child should be disadvantaged by the COVID-19 outbreak**

The coronavirus outbreak has meant that all children and young people have missed out on time in education. We are rolling out a hugely ambitious £1 billion “catch-up” package to directly tackle the impact of lost teaching time. As plans continue for a full return from September, we have announced funding for the 2020/21 academic year:

- £650 million will be shared across state primary and secondary schools. The Education Endowment Foundation has also [published a guide](#) to help school leaders and staff decide how to use this funding to best support their pupils and their outcomes.
- A £350 million National Tutoring Programme will increase access to high-quality tuition for the most disadvantaged young people. This will help accelerate their academic progress and prevent the gap between them and their more affluent peers widening.

## Childhood Immunisations during COVID-19

**During the COVID-19 pandemic it is vital that children continue to receive immunisations. Please help us to ensure this happens.**

### What's the current situation with childhood immunisations?

The London Immunisation Team and Public Health England have recommended that all immunisations provided by general practice, pharmacy, maternity and BCG providers should continue on schedule. **Communicable diseases are still in circulation and we need to continue to protect people against them.**

**Key priorities are ensuring that pre-school immunisations are given, and that maternal pertussis and BCG programmes continue.** This is in accordance with the latest [statement from the Joint Committee on Vaccination and Immunisation](#):

- All routine pre-school immunisations offered to babies and infants including immunisations due at one year of age including the first MMR dose.
- All doses of targeted hepatitis B immunisations for at-risk infants should also be offered in a timely manner.
- Pertussis vaccination in pregnancy.
- Pneumococcal vaccination for those in risk groups from 2 to 64 years of age and those aged 65 years and over (subject to supplies of PPV23 and clinical prioritisation).

### What's happening in GP surgeries?

All local GP surgeries are operating a 'hot' (for patients with symptoms of COVID-19) and 'cold' (for patients without symptoms of COVID-19) practice model which ensures children and vulnerable people will be protected. When the parent or patient phones up to make an appointment they will be directed to which practice they should attend for their immunisation. This may be at a different location than their usual practice. Practices should write to patients when they are due for their immunisation, but if a parent feels their child is overdue an immunisation then they should be advised to contact their practice to discuss.

### What are the key messages for parents?

- Routine pre-school immunisations are continuing throughout the COVID-19 outbreak. Vaccines are important in protecting children and vulnerable people from life-threatening infections.
- If you think your child may be due pre-school immunisations but you have not been contacted by your GP, please contact your practice to book an appointment.
- As long as neither you nor your child is showing any symptoms of COVID-19 and are not in a period of self-isolation, they should have their routine vaccinations if these are due.
- Practices have put measures in place to ensure you can safely access the healthcare and support you need during COVID-19. Please note you may have to go to a different GP clinic to receive your immunisation.
- School aged immunisations are not being given for the time being.
- If you are more than 15 weeks pregnant you are eligible for a pertussis immunisation.
- It is really important for you to get in contact your GP if you are worried about your or your child's health.

# Your health visitor is still here to help

Due to the COVID-19 situation, many community centres are temporarily closed and we have had to change the way we support with families. However, your health visitor can still support you virtually or face-to-face.

## Contact a health visitor

If you need to reach a health visitor you contact them by telephone or email.

Call: 020 3049 8166 – this is manned Monday to Friday 9am to 5pm.

Email: [gst-tr.spahealthvisitingsservicesouthwark@nhs.net](mailto:gst-tr.spahealthvisitingsservicesouthwark@nhs.net).

## For breastfeeding support

Virtual support groups are available for breastfeeding mums in Southwark and Lambeth. Sessions on Zoom are hosted every day from 11am-12 noon.

To register, email [lambethinfantfeedingservice@nhs.net](mailto:lambethinfantfeedingservice@nhs.net).

For one-to-one support call 020 3049 8166.

Diversity is

important!

*In our society, we have different people from different cultures, race and countries. This makes London unique and special because we can live peacefully with everyone.*

*Diversity is fun because we can taste different foods, listen to different music, and wear different clothes.*

*Diversity makes everyone special.*

# FOR PARENTS

## A SPECIAL COVID MESSAGE

When your child is ill or injured it is very difficult to decide if/when to call your child's GP, NHS 111 or go the Accident and Emergency Department (A&E). During the current situation and while the government is asking everyone to stay at home, it can be confusing to know what to do. Here is some guidance:

FOR ADVICE ON COVID-19 AND CHILDHOOD ILLNESSES/INJURIES VISIT [WWW.NHS.UK](http://www.nhs.uk)

Please remember that children are only at school for 190 days each year and after the events of current times we cannot reiterate the importance of 100% school attendance and for all children to be allowed to be at school every day. Any plans to remove a child from their entitlement need to be discussed first with Mr Robinson and the request put in writing before a decision is communicated that would support any such plans. Parents/carers are not supported to book flights or make plans before the school has authorised any decision. Any unauthorised absence will incur a fine of £60 per parent/carer. Sorry, not our rules!
