Monthly Newsletter No. 95

February Three 2020-2021

“Camelot School to go over and beyond to help our families at this time”

Please accept our gift of a £15 half term supermarket/food shop voucher for every family at this time.

The purpose of this voucher is to:

- ♦ familiarise those families who have not previously received these vouchers about how to use them
- ♦ encourage a special half term spend on something special and possibly to make half term a little extra special this year
- ♦ highlight that many families currently receive a government food voucher every week and may be your family could be entitled to receive one—please check with the school office if your family is not receiving a weekly voucher and would appreciate one

(please note if any parent/carer does not wish to have a voucher, please inform

Miss Raven in the school office. Thank you)

The voucher will be sent to families on Friday 12th February in time for Chinese New Year; Valentines Day or Shrove Tuesday Pancake Day or other special half term events! Your half term voucher is sent to the first mobile phone number registered with the school office rather than the government voucher which is sent to your email.

An error occurred earlier this week where this voucher was set up to send to the contact number which is not that of the parent/carer with primary responsibilities for our children at this time. Please ensure the correct number is with the school office by 12.00 noon on Friday 12th February after which the vouchers will be sent.

Laptops for online learning Camelot school Peckham

Yasmin Yusuf is organising this fundraiser.

I am a teacher at Camelot Primary School - a school located in the very heart of vibrant Peckham.

Unfortunately, the transition to online learning due to the Coronavirus pandemic, has caused much distress to many children and families at our school who have been disproportionately impacted by the digital divide. This has consequently rendered many children without access to an adequate laptop or in some cases, without any laptop at all.

After this lockdown we aim to fulfil the following offer to you all:

“A laptop for every child who is at Camelot School for the duration of their school life with us... a permanent loan!”

This offer will be possible following our IT department uploading anti virus software packages that can be set to automatically renew year on year. This will prevent costs being associated with children keeping the laptop at home for the duration of their school life at Camelot. Wow! what an offer! The school will remain owners of the laptops and their use will still be managed by us in terms of safer internet use.

This Camelot Offer is open to any child in our school or if you have family friends or children of neighbours not currently receiving this from their current school then they could join us and pick up this offer*

*** Not only would they receive an exceptional online provision but they will be invited to free holiday club provision (planned for Easter and Summer 2021), receive additional food deliveries if interested and now a school laptop for every child as a permanent loan to them as well as be offered an exceptional education everyday. Invite them to contact the School Office who can arrange an admissions transfer pack to be sent out.**

Another exceptional Camelot offer!
