If you can't fly, then run,  
if you can't run, then walk,  
if you can't walk, then crawl,  
but whatever you do,  
you have to keep moving forward.

### Ambassadors in life show us the example....

At Camelot we have been seeking to inspire our youngest pupils to be Ambassadors for their school and their lives through sharing the example of exceptional people in History. Turn over to see the children chosen by their teachers to be Camelot Ambassadors.... committed to achieve their best by consistently making the effort needed for success.

## School Standards Update:

**Reading, Reading, Reading...**

**If there is one thing you do with your  
child this half term it must be..... More  
and more Reading as a family, together,  
at different times, in different places.**

**Can we recommend a time to read to  
your children or at least to tell them  
stories and in either your own language  
or in English—either is brilliant.  
Sign up for your local library this half  
term and you'll be amazed at the  
number of books they can borrow and  
there is no cost as well... yes, free books  
for your children at home.**

**Without reading more regularly we can  
never expect our child to be prepared  
for the challenges of their lives ahead.**

## A School Council Response....

*We have had a lot of response to our recent newsletter article about school lunches –see below. In response, all members of the School Council have been asked to research popular lunches that Carlos and the team could prepare for the whole school. If you can help with ideas, recipes or inspiration please can you let Mr Robinson know or pass your feedback through a School Council representative*

Children regularly dine on restaurant standard lunches complemented by side salads with the most exquisite ingredients, such as Avocado, Asparagus and Feta Cheese. Homemade pies, flans, quiches and at least vegetarian choice a day.. often two. Halal meat as indicated plus Free Range ingredients, Wholegrain foods and Red Tractor standards are maintained. Sadly for the children, long gone are the days of burgers, deep fried foods, ketchup and mayonnaise and chips are now limited to twice in every three week cycle.
