School Meal Vouchers are back

Have your family circumstances changed recently and might your child now be entitled to the support of government food vouchers at this time?

The school is arranging for food voucher to be forwarded to your family for every child you have at Camelot and who is in the following categories:

- ♦ Not in school at this time and entitled to Free School Meals support
- ♦ Not in school at this time and if the family is No Recourse to Public Funds
- ♦ Not in school at this time and entitled to Early Years Pupil Premium support

The plan is to send a voucher worth £30 per child every fortnight. The voucher can then be used in designated food stores in the local area.

Please note that additional Food Parcels will still be available for collection from school every Wednesday. These packages are received from a charity and the school does not influence the choice of items in the package. If your family would like a package please inform Miss Lou or Mr Robinson. Delivery may be possible.

Most importantly, are you missing out on these vouchers? Please liaise with the school office if you think your child may be entitled to vouchers at this time and the school can then advise accordingly. Our aim is to help where we can.

'Live' Teaching Protocols – Parental Consent Needed – January 2021 onwards

Dear Parents and Carers,

We are excited to start running "live" teaching at Camelot School inside the safety of our online Google Classrooms via Google Meet sessions*. Please find below the agreement for the Google Meet sessions, your child will be allowed to join sessions unless we hear otherwise from you. Please note, Mr Robinson will take overall responsibility for parent/carer and pupil commitment to these lessons and will liaise with you directly should the need arise.

Camelot Primary School – Google Meet Protocols

It is important that you read these protocols and share the pupil "rules" with your child(ren). The "rules" below will need to be followed; they are aimed at safeguarding everybody during the sessions and we take our safeguarding responsibilities seriously.

- The session will be recorded for safeguarding purposes
- If you allow your child to join the Google Meet session, you are giving consent and taking responsibility for ensuring the "rules" are followed
- If the teacher thinks that the session is not safe for pupils, it will be stopped immediately
- If the teacher believes that the "rules" are not being followed by you or your child, you will be removed from the session (teachers have the ability to do this)

As a parent/carer you will:

- Give consent for your child(ren) to participate in the Google Meet session
- Be visible at the start of the call and in the SAME room throughout the call, acting as "observers" and "monitors" of the Google Meet session – this is incredibly important to safeguard your child and others
- Ensure there should be the child(ren) and at least one parent/carer in the room – no one else
- Ensure no home-based recordings are made of the session
- Please help if there are technical difficulties!
- Ensure that your child(ren) is/are properly dressed, are in a place in the house that is quiet and appropriate (preferably not a bedroom) and that there is a neutral background (or the camera is off if you wish)
- Share the Google Meet Rules for pupils and make sure your child understands and follows them

** the safety of our online Google Classrooms – only invited children to each Google Classroom can access these lessons and Google safety measures prevent anyone else being able to access the classroom 'live' lessons. The school is confident that if parents/carers and the pupils (see overleaf) agree to the 'live' teaching protocols that everyone will be safe and sensible in these lessons.*

Camelot Primary School – Google Meet Protocols – Page 2

As a pupil you will:

- Be on time
- Find a quiet space where you can concentrate and pay attention, with at least one of your parents/carers in the room and no-one else
- Mute the microphone as soon as you join the meeting – you will be allowed to talk when your teacher tells you!
- If the camera is on, make sure you are wearing appropriate clothes – no pyjamas!
- If the camera is on, make sure your background is plain
- Only use Chat to ask questions, respond to questions and not to have a chat or personal conversations with your friends
- Use your school Google account to join the meeting
- Not swear or use inappropriate language and be kind at all times

You must follow all these rules, or you will be removed from the session.

Please see below for rules for teachers (for your information)

As a teacher you will:

- Be prompt! If there is a scheduled Google Meet, you will be there first
- Sit against a neutral background and use professional language
- Double check that any other tabs you have open in your browser would be appropriate for a child to see
- Record the session for safeguarding purposes
- Have asked another member of staff to be present in your Google Meet and ensure they understand the Google Meet Protocols for teachers and pupils
- Remove pupils if they do not follow the “rules” or if you think there is a safeguarding concern

Accessing Google Meet sessions

To access this, ask your child to log into their Google Classroom. Your class teacher will then add a link – you merely need to click on the “meet link”.

It is expected that every child invited will attend these ‘live’ lessons and that parents/carers have taken the time to share these school protocols with them before they join their first lesson.

If any parent/carer does not wish their child to be a part of ‘live’ teaching for some reason, you are asked to inform the school office at office@camelot.southwark.sch.uk or Mr Robinson directly. The school may be in contact to encourage participation should the reasons given not been seen as adequate.

Please note ‘live’ lessons are likely to happen daily in the morning and will require children to be up and ready for school and their participation in these lessons.

Best wishes to all at this time.
