A message to all our Year 6s.

Mr Robinson's Graduation Speech 2022

"To the children, we believe in you. You have achieved so much and so much more than previous year groups have ever had to experience. Your parents/carers have achieved so much and we are all so proud of you. You have showed us all what can be achieved when we keep holding on to desire to do our exceptional best everyday. To the class of Camelot School 2022 well done and now may your futures really start to sparkle.

This day and all of you here bring real hope for all our futures. This community is fast becoming a beacon to the people I know as i tell them of all the special things you give each, you achieve and that you challenge.

We are proud to be the racially literate hub school for Southwark but increasingly I think we may have a greater role than this and more people could learn so much more and acquire the hope they yearn for by looking at this corner of North Peckham.

Our future is bright, your future is bright and we all truly believe in what you will do tomorrow and beyond."

From this to this...
what and where next?

May your aspirations be realised as you grow with courage and integrity through your teenage years and with dedication and resilience to go on to achieve exceptionally ahead.

THE CENTRE FOR
PARENT & CHILD
SUPPORT

Are you a parent who find's it tough to manage strong emotions? Are you worried about your child's behaviour?

Would you be interested in participating in research on a new parenting group?

We are looking for parents of children, **aged 2-11**, who are worried about their child's behaviour to take part in research on a **new parenting group**. Being a Parent- Enjoying Family Life is for parents who may be experiencing **strong emotions** which spillover into their parenting, who may **struggle to trust** in relationships/friendships or may have experienced challenging childhoods or invalidating relationships with their own parents.

We want to test whether BaP-EFL helps parents better than the original EPEC-BaP groups. BaP-EFL and EPEC-BaP are both ran **by parents, for parents**.

If you are interested and eligible for the study, you will receive either BaP-EFL or original EPEC-BaP **parenting groups**. The groups last between **9-10 weeks** for **2 hours** and cover topics such as **managing stress, discipline strategies and communication skills**. A creche will be provided if needed.

Parents will also be asked to complete online questionnaires and an at home interview before, after and 6 months after attending the group. You will receive **up to £85** for your participation in these questions

To find our more and register your interest, please follow this link:

Or scan the QR code with the camera on your smart phone. A researcher will contact you via email or phone to five you more details on the study.

Alternatively, please contact Ellie Baker (PhD student) at ellie.baker@kcl.ac.uk for further information.
