A graph showing the population growth of London over the last century.

Year 5 Summer Unit: Changes to London and the UK

Enquiry Question: How has our area changed over the last century?

Geographical Concepts: boundaries, change, climate, interdependence,

An example of an early Peckham bus.

Primary Focus - Geographical Skills and Fieldwork

In this unit, Year 5 will learn to

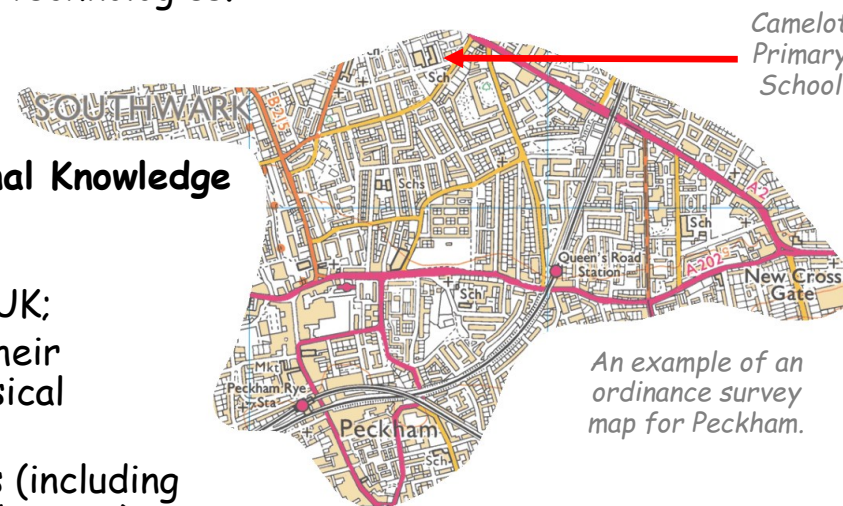

- use maps, atlases, globes and digital/computer mapping to locate countries and describe features studied;
- use fieldwork to observe, measure, record and present the human and physical features in the local area using a range of methods, including sketch maps, plans and graphs, and digital technologies.

Secondary Focus - Locational Knowledge

In this unit, Year 5 will learn to name and locate

- counties and cities of the UK;
- geographical regions and their identifying human and physical characteristics;
- key topographical features (including hills, mountains, coasts and rivers);
- and land-use patterns.

Year 5 will also understand how some of these aspects have changed over time.

An example of an ordnance survey map for Peckham.
